Data Journey: Búsqueda de los datos disponibles y solicitud de acceso

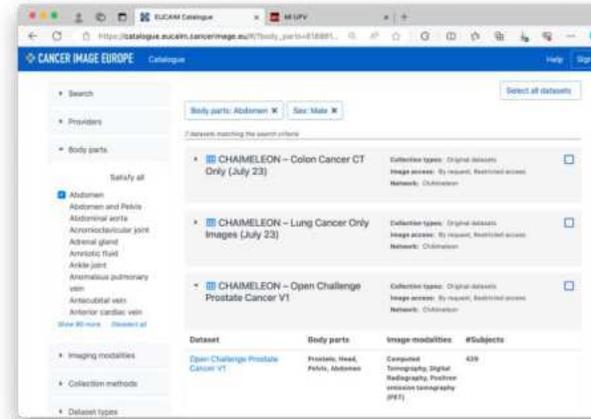

The image displays three overlapping browser windows from the EUCAIM platform. The leftmost window shows the 'EUCAIM Federated Data Explorer' with search filters for 'male' and 'CT' and a 'Results' section featuring a pie chart titled 'Studies per collection'. The middle window shows the 'EUCAIM Catalogue' with search filters for 'Body parts: Chest' and 'Imaging modalities', displaying a list of datasets including 'CHAIMELEON - Lung Cancer Imaging and clinical Data'. The rightmost window shows the 'EUCAIM Catalogue' with a detailed view of the 'Lung cancer championship phase' dataset, including a 'Dataset' section with a 'Remove' button and a 'Send to the negotiator' button.

Data Journey: Modelos de explotación de los datos

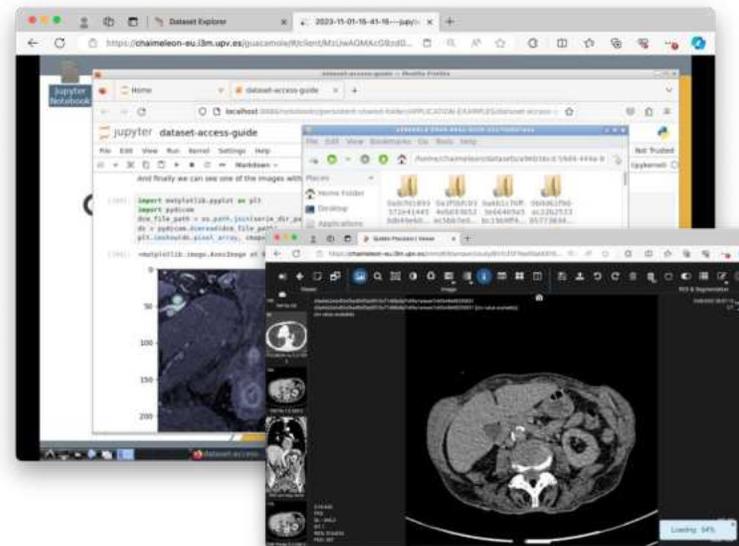

Proceso
Distribuido

Descarga
de datos

Proceso en un
entorno virtual

3. Datasets restringidos que solo pueden procesarse remotamente sin capacidad de visualización.

1. Datos públicos o sin restricciones en trazabilidad.

2. Datos que no pueden descargarse pero pueden visualizarse y procesarse en entornos virtuales, garantizando la trazabilidad.

El Futuro

2025

Final release of platform

- Federated learning
- Final version of tools and services
- Federation of new cancer images databases through open calls
- Implementation of clinical use cases

2027

Expansion

Alcanzar los 60 Millones de imágenes.

Integrarse con el Espacio Europeo de Datos de Salud.

Constituir una entidad jurídica internacional que permita sostener la infraestructura a largo plazo.

First version of platform

- Platform validated and populated for external production
- Data providers connected
- Prototype for federated learning
- Benchmarking platform

Full operation of federated repository

- Integration with other data infrastructures
- Piloting of the business model
- Legal and operation model finalised

2024

2026
